Benefitting Charities and their Mission

Lunches for Learning exists to break the cycle of poverty in rural Honduras. By providing a nutritious lunch to elementary school children at the school daily, these children have the opportunity to remain in school so they can complete their education and enter the workforce as literate individuals. Lunches for Learning program motivates children to go to school through at least the sixth grade and learn to read, write, and acquire necessary math skills. The program, started by Ron Hicks, deceased member of the Montgomery Capital Rotary Club; invariably improves health and wellbeing of these children and give them in capabilities to move beyond abject poverty. For information we encourage you to check out the program's website www.lunchesforlearning.org
